## **ANDOVER COVID-19 CASE DATA** **REPORT DATE: February 25, 2022**

The Commonwealth's **Isolation & Quarantine Guidance** can be found here: <https://www.mass.gov/info-details/covid-19-isolation-and-quarantine-guidance-for-the-general-public>

The Commonwealth has updated its **Mask Use Guidance** on 2/15/2022, and can be seen here: <https://www.mass.gov/doc/updated-advisory-regarding-masks-and-face-coverings-0/download>

### **FAQs:**

- I used an at-home test kit and tested positive; where should I report these results? – The results are not reportable to the town, and would not be included in these case counts.
- Should I have an additional test done if my home test is positive? – Yes, we recommend seeking a PCR test to confirm the home test.
- Should I be vaccinated? People who are vaccinated are still getting Covid-19 – Yes, vaccination has been shown to decrease adverse events when someone does acquire the virus.
- Should I wear a mask? People are still getting Covid-19 when they wear a mask. – Masks are an important intervention to help slow the spread of the virus, and should be used by the unvaccinated and immunocompromised when indoors in public spaces. Not all masks are equal; reusable cloth masks are OK, disposable procedure masks are better, and N95-type masks are the best protection.
